### Buzzer-Radabaugh

In the first government census taken in 1790, under a list of heads of families in Lancaster County, Pennsylvania, I find:

Baltzer Bossert in Cocalico Township, Lancaster County.

Jacob Bossart in Burnswick and Manheim Townships, Lancaster Co.

Adam Bossert, Montgomery Co.

Andrew Bossert, Montgomery Co.

Rudy Bossert, Brunswick & Manheim Townships, Lancaster County.

George Bossert, same place.

Jacob Radabaugh, same place.

Peter Radabaugh, same place.

Jacob Radabaugh, Heidelberg Township.

Benj. Radabaugh, same place.

These may or may not be the ancestors of the Buzzards, Bassants and Radabaughs of Pocahontas and Greenbrier.

In the census of Virginia for 1782 and 1784, under heads of families in Hampshire County, I find:

Henry Buzzard listed in 1782 as head of a family of all free whites.

Henry Buzzard listed in 1784 as head of a family of 12.

John Buzzard listed in 1782 as head of a family of 5.

John Buzzard listed in 1784 as head of a family of 2.

Rudolph Buzzard listed in 1784 as head of a family of 9.

Adam Radabaugh listed in 1782 as head of a family of 8 white souls, 1 dwelling and three other buildings.

Henry Radabaugh listed in 1782 as head of a family of 5.

I also find a John Radabaugh, which may have been intended for Radabaugh.

A very significant thing to me is that Henry Buzzard and Henry Radabaugh were on the same list for 1782 the list being returned by one John Wilson.

My conclusions are that said Adam Radabaugh (Radabaugh) was the father of Henry Radabaugh; that the Hampshire County Buzzards and Radabaughs were neighbors who had come from Lancaster County, Pa.; that Adam Radabaugh's son Henry married Henry Buzzard's daughter Catherine; that the two were married in Hampshire County, Va., or Lancaster County, Pa.; that about 1784 Henry and his wife Catherine moved to Anthony's Creek in Greenbrier, where my grandmother, Susannah Radabaugh (Ewing) was born in 1800. She told me that her grandfather Radabaugh was Adam and that her grandfather Buzzard was Henry. Henry and Catherine (Buzzard) Radabaugh moved to Ohio in 1811, with their entire family of ten children. My grandmother named one of her sons John Wilson, and one of her brothers named a son Wilson. I have often wondered where they picked up that name Wilson. John Wilson was the man who returned the census list back in 1782, and most likely a respected friend of both the Buzzards and the Radabaughs and I now believe these two grandsons were named by their grandmother Radabaugh in honor of said John Wilson.

I am inclined to think that the correct name of the Buzzards is Bassants. Radabaugh admits of various ways of spelling.

A. E. EWING.

### BUY COWS NOT FACTORIES

At many points in the South dairying is being pushed by the whole community. When the fever for more cows becomes acute, a clever promoter can easily persuade the business men and the farmers that creamery, a cheese factory or a milk powder plant is needed. This same plan has been used all over the United States and quite often leads to a pronounced failure.

Below is a bit of a story taken boldly out of the Southern Agriculturist. It suggests a plan for more and better cows which is safer than a factory.

The bankers and business men of Campbellsville, Ky., are cooperating to boost more dairying and better dairying in the surrounding territory. Fortunately these level headed men have not raised a huge sum to build a cheese factory, a creamery or a condenser to Campbellsville. They believed that cows, plenty of real dairy cows of good breeding, are necessary before a factory handling dairy products can be made a thorough success.

Out of this attitude of the merchants and bankers, has grown the Campbellsville Dairy Promotion Association, which cooperates whole heartedly with the county agent. The organization has pledged its members to a donation of 1 per cent of their cash sales each month. This fund is used to purchase one registered Jersey cow of merit to be given away. Merchants contributing to the fund give to each cash purchaser of \$1.00 worth of goods a numbered ticket and on each specified "Give Away Day" a drawing is held on the streets of the town. Of course many other prizes of merchandise are given away; but the cow, which costs the association from \$25 to \$250, is the big event. As a registered Jersey cow will be given away each month for six months, the farmers and the men in town are talking and thinking better dairy stock at all times.

### OUR COLORED FRIENDS

The Easter sermon preached by Rev. L. H. Goodwyn, pastor of the local Baptist Church was beautiful in its simplicity. Talking for his subject "The Resurrection" he showed with rare clarity of thought that the Resurrection accomplished three things first it settled the atonement; second, it proved the Master's right to leadership; third, it established the manifestation of divine power.

Sabbath School was well attended at Stewart's Chapel. Following a brief discourse upon the lesson by Mrs. Mattie Hill, returned lay delegate to the annual M. E. Conference, Mesdames May Stewart and Anna Stewart sang very sweetly "Lead me to Cavalry."

## An Oklahoma Mother Says:

"BLACK DRAUGHT is a fine medicine to give to children. I use it for mine whenever I need to give them a laxative. They don't mind taking it when I make it into a tea, and it quickly relieves constipation and the bad symptoms which come from it. I can recommend it to other mothers, for I have found it useful in my home.

"When I was a child my mother gave it to me whenever I complained of not feeling well. I have always taken it for upset stomach and constipation. It is about the only medicine I have to take. A few doses of Black-Draught, now and then, keep my system in order. My husband takes it, too. I hardly see how I could keep house without Black-Draught. It has become a standard and ourselves well."—Mrs. Luther Brassfield, Claremore, Okla.
